Debt recovery fee: If you do not pay your Energy Account on time, we may require you to pay our costs for recovering the outstanding amount from you, including debt collection fees.

Additional charges: Other costs and charges may be incurred by us relating to the sale of energy to you, including but not limited to charges or taxes imposed on us from time to time by the government, energy distributors, other industry participants, or our service providers. Consistent with the law, we may require you to pay an amount(s) relating to these other costs and charges.

You may also be required to pay amounts relating to any costs, charges or taxes incurred directly or indirectly by us in connection with the introduction of, or compliance with, a carbon pollution reduction scheme or other emissions trading or reduction scheme.

If you would like any further information about the fees and charges listed above, please call us on 133 298 from 8am to 7pm on weekdays or 9am to 4pm on Saturdays.
